4. Subscriptions to the Fund should first be made on salaries becoming due on the 1st of August 1908.

Ordered that this Resolution be communicated to the several Departments of the Government of India; to all Local Government and Administrations; to the Comptroller and Auditor-General and to all Accountants-General and Comptrollers; and to the Heads of Department subordinate to the Finance Department.

Ordered also that this Resolution be published in the Gazette of India.

RULES REGULATING THE GENERAL PROVIDENT FUND.

Scope of fund.

(3) The sum at credit of the officer is not liable to deduction on demand or on compulsion by a Colonial Court except for an advance for which the liability of subscribers to the whole of the fund's property is preserved by law.

Advances for special purposes.

10. No cash withdrawal will be allowed until the subscriber quits the service or dies. But when the pecuniary circumstances of a subscriber are such that the indulgence is absolutely necessary, a temporary advance not exceeding three months' pay may be allowed from the sum at the credit of the subscriber at the commanding authority, who shall be—

Illustration.—If an officer paying 10 rupees a month to the Bengal and Madras Service Family Provident Fund becomes under rule 1 liable to pay 15 rupees a month to the General Provident Fund, but does not desire that the total monthly deduction from his salary shall exceed 10 rupees, he may be allowed simply to deduct 15 rupees per month from his pay on account of the Family Provident Fund.

GOVERNMENT EXAMINATIONS

SPECIAL TEST EXAMINATIONS—OCTOBER 1909.

NOTICE TO CANDIDATES FOR THE PALISH-WRITING TEST.

The following instructions are published in order that candidates may know what is required of them in this test:—

Instructions to Candidates.

The object of a paper is that any one who has not time to read the original correspondence may, by reading the paper, be put in possession of all the leading features of what passed.

1. The candidate should begin by reading the whole of the correspondence carefully though without writing anything, so that he may clearly understand what passed and have a position to decide what are the main heads under which the important facts should be arranged. He should then read through the paper again marking what is important.

2. The paper should begin with a brief and brief introduction to the subject under treatment. This should be followed by a summary in the position containing a brief and clear statement of the contents of the correspondence, not in the order of the papers, but in chronological order, but in brief order. An abstract of every paper in the correspondence or an index of its contents is not a paper.

3. The notes of a paper are:—

- (1) to enable a student to find what is important in the correspondence and writing that is unimportant;
- (2) to present the main facts in a simple and concise shape, expressed intelligently and distinctly as possible;
- (3) to be as brief as possible compatible with completeness and accuracy;
- (4) to present a strictly accurate and logically connected statement of the contents of the correspondence.

We require our student to give who write any one of the most important papers; marks will be assigned to important papers as indicated or 2 facts are reported separately; if it is not entirely necessary to give the date of every paper in the correspondence and the full name and designation of the writer or recipient of every letter; and if a fact is repeated in different papers it need not generally be noted more than once in the paper.

4. Grammar, spelling, style and handwriting will be considered in assigning marks, but it must be remembered that more emphasis is placed on composition and not on grammar or orthography and on the presentation of the facts of the correspondence.

NOTES FOR THE CONSIDERATION OF THE NEW PROVINCIAL SERVICE OF THE SURVEY OF INDIA.

The Provincial Service of the Survey of India is open only to persons who are natives of India as defined in the Statute 35 Vict. Cap. 3, Section 8.

2. There will be two methods of admission to the Service:—

- (1) by competitive examination of candidates nominated by the Surveyor General (vide para 3);
- (2) by direct appointment of persons possessing certain educational qualifications (vide para 4);
- (3) by promotion from the paper Schoolmaster Service (vide 5);
- (4) by transfer from the existing service (vide 6-10).

3. The Surveyor General will, about the beginning of April in each year, publish a notice specifying the number of vacancies offered for competition.

4. Only candidates who have been nominated by the Surveyor General will be permitted to appear at a competitive examination for admission to the Service. For the present no candidates will be accepted for the competitive examination, who do not possess the qualifications required for admission to the service examination of the Theoretical Civil Engineering, Drawing or equivalent qualifications in Forestry other than the United Provinces or the Punjab. Persons desirous of appearing at the competitive examination must apply to the Surveyor General, Calcutta, when a form of application will be supplied. On receipt of the form duly filled in and after such further enquiries and consideration as he may consider necessary, the Surveyor General will, if he thinks the applicant suitable for service in the Survey of India, give him a nomination which will enable him to appear at a competitive examination to be held under the following rules.

5. The Surveyor General may arrange to have the competitive examination conducted by the authorities of any College or Colleges in any district, or a special examination of nominated candidates may be held by the Survey Department. If only one examination is held in a year three candidates who obtain the greatest number of marks will be appointed in order of priority up to the number of provisional appointments offered for competition. If more than one examination is held in the same year, the Surveyor General will allot the number of appointments to be given at each examination, and the candidates who stand highest on the list of passed candidates at each examination will be selected up to the number of vacancies offered to the examination for which they appear.

6. One definite selected after examination under the Surveyor General will be on probation for three years, and will receive salary at the rate of Rs. 150 per mensem for the first year, Rs. 175 per mensem for the second year, and Rs. 190 per mensem for the third year.

7. The Surveyor General may, subject to the approval of the Government of India, appoint as probationer a candidate who has graduated, taking mathematics as a subject for his degree, or who has passed in a Bachelor of Engineering or possesses the Indian Engineering College Institute or other equivalent qualifications. Such a candidate must be under 24 years of age.

8. Candidates appointed under rule 7 will be on probation for two years and will receive a salary of Rs. 200 per mensem for the first year, and Rs. 240 per mensem for the second year.

9. A candidate appointed on probation may be discharged by the Surveyor General at any time during the period of probation, and on probation will be permanently appointed to the Provincial Service only if he has completed his period of probation and has obtained the Surveyor General that he is duly qualified and that his health is good. The term of probation may be prolonged by the Surveyor General in the event of any period or periods of leave passed on medical certificate. Probationary service, if followed by a permanent appointment, will count for leave and pension.

10. The Surveyor General may, subject to the approval of the Government of India, promote specially deserving officers from the Upper Subordinate Service to the Provincial Service; and any such promotion will be given to any officer after he has attained the age of 40 years.

11. On being permanently appointed to the new Provincial Service after completion of the periods of probation specified in rules 4 and 5, or on promotion from the Upper Subordinate Service under rule 10, an officer will be designated Extra Assistant Superintendent and will receive pay at the rate of Rs. 200 per mensem rising by terminal increments of Rs. 50 to Rs. 300, subject to the condition that the Surveyor General shall have power to stop any increment for unsatisfactory work or conduct. The service will also include a number of posts of Extra Deputy Superintendents, the number in which will ultimately be fixed by reference from among the Extra Assistant Superintendents to Rs. 400. The Government of India however reserves the right to select any Extra Assistant Superintendents for promotion to the rank of Extra Deputy Superintendents.

All present the following posts of Extra Deputy Superintendents have been sanctioned:—

4 posts at Rs. 200 per mensem.
2 " at Rs. 250 " "
2 " at Rs. 300 " "
2 " at Rs. 350 " "

12. Members of the existing Provincial Service appointed after 1st May 1905 may at the discretion of the Surveyor General be transferred, subject to such tests (if any) as the Surveyor General may prescribe, to the new Provincial Service and on such transfer will receive their present rates of pay (including such increments as they may earn under the existing scheme) until they have completed three years from the date of their appointment to the existing service, and thereafter will receive pay at the rate of Rs. 200 subject to the increments provided by rule 11 above.

13. The Government of India may at any time increase any number of the old Provincial Service to the new Provincial Service under such conditions as they think fit.

RULES FOR THE CONSTITUTION OF THE UPPER SUBORDINATE SERVICE.

1. On being permanently appointed to the Upper Subordinate Service, an officer will be designated Sub-Assistant Superintendent, and will receive pay at the rate of Rs. 40 per mensem, and his pay will rise by terminal increments of Rs. 15 to Rs. 200; but the Surveyor General may at any time stop an increment in the case of an officer whose work or conduct is unsatisfactory. The service will also include a number of posts at Rs. 200.

2. All appointments to the Upper Subordinate Service are made by direct commission by the Surveyor General, there being no competitive examination.

3. The Surveyor General may make appointments to this service—

- (a) by promotion from the Lower Subordinate Service of officers who have rendered specially good service and are qualified for the position to which they will be called upon to perform;
- (b) by selection from among candidates who possess the qualifications required for admission to the Technical Examination of the Technical Civil Engineering College or other equivalent qualifications;
- (c) Lower subordinates selected for promotion under rule 3 (a) will start on the lowest time-scale rate in the Upper Subordinate Service, provided that they shall in no case less pay by promotion. Thus a lower subordinate drawing not more than Rs. 40 will start on Rs. 40 on promotion to the Upper Subordinate Service. A lower subordinate drawing more than Rs. 40 and not more than Rs. 60 will start on Rs. 60 on promotion to the Upper Subordinate Service. A lower subordinate drawing more than Rs. 60 will start on Rs. 100 on promotion to the Upper Subordinate Service.
- (d) Candidates selected under rule 3 (b) will be appointed on probation for one year with a salary of Rs. 40 per mensem, and will not be permanently appointed to the Upper Subordinate Service until they have completed their period of probation and satisfied the Surveyor General that they are duly qualified. The term of probation may be prolonged by the Surveyor General to the extent of any period or periods of leave passed by the probationer as indicated in the rules. Probationary service under this rule if followed by a permanent appointment will count for leave and pension.
